WILL CONTINUE.—Last evening the revival meeting at the Christian church filled the house, notwithstanding that it was Monday night. Rev. Smith preached an able and interesting sermon as usual. One made the confession. After the sermon the pastor baptized five who had come forward since the last baptism, which was some nights ago. The plan was to close the meeting last night, but when a vote was taken on holding a few nights longer the audience almost with one accord arose in its favor so preaching was announced for Wednesday evening at 7:30 by Rev. Smith. Tonight, previously announced, Rev. Smith will deliver his lecture on the "Prodigal Daughter" at 8 o'clock to a full house. No one should fail to hear it.

AN ELEGANT CAR.—A "No. 10" has been turned out of the car shops of the Salem Consolidated Street Railway company and it is indeed a "palace" on wheels. It is one of the old "open" cars and it has been handsomely repainted and slightly remodeled. It is a model car for summer travel and when placed upon a regular run will no doubt be liberally patronized. Another of the old open cars is also being prepared for active use during the summer and fall seasons. When the proposed improvements now on foot by this company have been realized, Salem will have one of the best equipped street railways on the coast.

LAW CLASS.—A class of law students, numbering about twelve, is undergoing an examination this week at the court house. The examinations are held in the evening in the circuit court room and are being conducted by S. T. Richardson, dean of the law department, of Willamette university. The class has just finished Blackstone's course of study and the first examination was held last evening and will be concluded this week.

Two new lumber corporations filed articles with the secretary of state today. The McIntire Lumber Co., capital stock \$1,000, incorporators J. M. McIntire, A. F. McIntire and C. E. DuBois. Albina Lumber Co., capital stock \$10,000, L. J. O. Solden, John Kane and G. W. Bates incorporators.

Collector Black was a state house visitor today.

State house matters are very quiet. The failure of W. J. Ivy to be appointed collector of Alaska is taken to mean that Oregon appointments will not be ready to be made for some time. It is the general opinion that good things await such warm supporters of McKinley as C. B. Moore, Dr. Smith, B. F. Giltner, Dr. Keene and M. L. Chamberlain of Salem. But plant your potatoes, gentlemen; they will make a crop before Oregon chestnuts will be ripe or ready to pull out of the fire.

The Sardinia Creek Hydraulic Mining Co., of Denver, Colo., has incorporated a branch at Medford.

Superintendent Gilbert has rendered his report of the penitentiary to the secretary of state for the quarter ending March 31. It shows the number of convicts, 351; received during the quarter, 45; discharged, 49; died, 1 transferred to the asylum, 1.

The original patent to Uriah Whitney, for a section of land near Station, signed by President Buchanan, was filed in the county recorder's office.

OREGON NATIONAL GUARD.
The state military board composed of Brigadier General Beebe, Adjutant General Tuttle, Surgeon General Drake and Col. Jackson of the regular army as inspector general of commissary, held a session at the state house last night.

SUPREME COURT.
The Little Neustock Toll Road Company, appellant, vs. Tillamook County and Geo. E. Mizner, road supervisor of A District No. 6, respondent, argued and submitted. W. W. Thayer and W. J. May for appellant. Attorney General Ideman and District Attorney S. L. Hayden for respondent.

The complaint in this case was filed on or about the 22nd day of July, 1896. Summons was issued in the action and duly served upon the respondent, and a temporary injunction granted to restrain respondents from tearing out the appellant's toll-gate. The respondent, Tillamook county, appeared and filed demurrer to the complaint upon the grounds that it did not contain facts sufficient to constitute a cause of suit. It does not appear from the record that the respondent, Mizner, appeared, but he was regarded as having appeared. The circuit court, sustained the demurrer and the appellant stood upon the complaint.

The only question in the case is as to whether the demurrer was well taken. Jas. N. Wheeler, respondents vs. P. Otto Burkhardt, appellant; ordered, on motion that appellant have leave to amend the proof of service of the notice of appeal, and that his time for serving and filing the abstract be extended to May 1, 1897.

J. R. Farrell, respondent, vs. The Oregon Gold Mining Company appellant; ordered on stipulation that this cause be transferred to Pendleton for trial.

AT MARION'S CAPITOL.

Business Transaction at the Local "White House" Today.

Administrator E. H. Danham's final account of the Peter Best estate shows the receipts to be \$300.45 while the disbursement have been \$253.46. In the matter of the estate of Lucinda Swegle, deceased, Geo. Swegle et al have filed a notice of appeal with the county clerk which is to the effect that they are appealing to the circuit court from the order and decree in the probate court which set aside the demurrer interposed therein to the objections of G. W. and Albert J. Swegle, Olivia Holmes and Nancy S. Belle, to the final account of the administrator, James M. Munkers.

Notice of appeal in the case of Sam H. Brown, plaintiff, vs. the Southern Pacific company, wherein judgment was rendered on October 17, 1896, in favor of the defendant, has been filed with the county clerk. Mr. Brown sued to recover damages for the loss of his cow which, he alleged, was killed by one of the company's trains several months ago.

Hartvig Christensen, of Silverton and Silverline Christensen, of Marion, have contracted 3500 pounds of hops of the 1897-8 crops to T. A. Livesley for 8 and 9 cents respectively. Four cents is to be advanced as picking money.

A marriage license was issued today to Harlie C. Miller and Miss Charles Cline, both of Woodburn. Since the groom-elect is but 18 years of age the consent of his parents, Mr. and Mrs. R. H. Miller, was required before the license could be issued.

John C. Cole, executor of the estate of A. B. Cole, deceased, today filed his annual account with the county clerk.

J. L. Calvert, administrator of the estate of John Calvert deceased today filed his semi-annual account with the county clerk. The report shows the receipts for the 6 months to have been \$68.72 while the expenditures for the same time were \$64.52 having a balance on hand of \$4.20.

LINDSEY MEETINGS.—Are growing in interest and attendance. The services last night at the Baptist church were marked by a very deep interest. The strong address of Evangelist Lindsey was listened to by an almost spell-bound audience. The 10 a. m. Bible reading today was attended by nearly double the number of yesterday, and it is easy to imagine from the interest shown now, that the morning service will be remembered by hundreds soon. The service tonight is at 7:30 and all are invited, and will be made welcome—Salem people have seldom had an opportunity to hear the equal of Mr. Lindsey.

MORE INCENDIARY WORK.

Second Attempt Made to Burn the Residence of John G. Wright.

A second attempt was made, last night, to burn the residence of John G. Wright, on Church street, between Cheneketa and Center streets. That the attempt, last night, was not successful may be attributed to the fact that the blaze was discovered, by M. T. Rineham, who resides one door south of Mr. Wright's, before it made any headway.

Mr. and Mrs. Wright had attended the regular weekly meeting of the Old Folks' Whist club and had retired shortly before 11 o'clock. On returning home, shortly after that hour, M. T. Rineham observed a bright light in Mr. Wright's apartments. An investigation of the premises revealed a fire that was slowly burning at a point near the door connecting the kitchen with the dining room. He immediately awakened Mr. and Mrs. Wright and notified the fire department by means of a neighbor's telephone. Mr. Rineham then returned to Mr. Wright's residence and assisted in extinguishing the flames, which was accomplished before the arrival of the fire department.

How the fire was started will remain a mystery, but the perpetrators of such dastardly work should be ferreted out and severely dealt with.

An attempt was made on Friday night, the 2nd inst, but it also proved unsuccessful so far as accomplishing the results hoped for, although the wood-work was badly charred.

THE INSURANCE.

Mr. Wright this afternoon sent the following telegram, which is self-explanatory:

Fireman's Fund Ins. Co., San Francisco, Cal., Second attempt last night to burn my dwelling. Please cancel policy No. 1,039,143. I prefer carrying my own risk if I have an enemy that will burn my property.
